## International Journal of Clinical Biochemistry and Research

**Volume - 3, Issue - 4, Year - 2016 (www.ijcbr.in)**

International Journal of Clinical Biochemistry and Research (IJCBR) open access, peer-reviewed quarterly journal publishing since 2014 and is published under auspices of the Innovative Education and Scientific Research Foundation (IESRF), aim to uplift researchers, scholars, academicians, and professionals in all academic and scientific disciplines. IESRF is dedicated to the transfer of technology and research by publishing scientific journals, research content, providing professional's membership, and conducting conferences, seminars, and award programs.

With more...

### Call for paper

We cordially invite faculty, researchers, and scholars to submission of your valuable contribution to our Upcoming issues. It is a double-blind, peer-review, and Open Access (OA) journal and accepts manuscripts as research papers, review articles, case reports, short communication, etc.

### Manuscript Submission Guidelines

To submit your manuscript, first-time users click the Register button from the submission portal. If you are already a registered user, log in as an author and post your manuscript for further peer-review process. Manuscripts submitted for consideration and inclusion in upcoming issues must follow <https://www.ijcbr.in/info/author> and be submitted by **2024-12-09**.

## CONTENTS

### Original Article:

**A comparative analysis of biochemical parameters in exudative and transudative pleural fluids using different criterias: a study in a tertiary care centre 348-353**

*Ranjan Agrawal, Miti Gupta, Nitesh Mohan, Biswajit Das, Rajat Agarwal*

**Levels of microalbuminuria in prediction of pre-eclampsia: A hospital based study 354-356**

*Inder Pal Kaur, Ashish Shukla, Sukanya Gangopadhyay, Akash Gupta, Gautam Sarkar*

**Habitual consumption of Areca catechu may cause increased post prandial blood glucose levels in diabetics: a cross sectional study 357-362**

*MA Bari Siddiqui, Addanki Yottoshuka*

**A comparative analysis of insulin resistance among tribal and non-tribal population with Type 2 Diabetes using estimated glucose disposal rate 363-367**

*Bibekananda Modak, Bulbul Purkait, RN Maity*

**Effect of Cigarette Smoking on Serum Lipid Profile in Male Population of Udaipur (Rajasthan) 368-370**

*Deepa Singh*

**Influence of maternal nutrition status during pregnancy on developmental outcome in first 30 days of independent neonatal life 371-375**

*Dhiraj J. Trivedi, Vijayalaxmi Shindhe, Chandramati J. Rokhade*

**Reliability of blood gas analyzer for the measurement of electrolytes - A comparative study 376-379**

*Dipti Basavaraj Sanakal, Sagar Chandrakant Mhetre, Ramesh S Patil, Abdul Kayyum Shaikh*

**A study of preanalytical errors in a hospital based clinical biochemistry laboratory and recommendation of required corrective measures 380-386**

*Hasit Dalpatbhai Lad, Neeta Maheshchandra Rana, Vibhuti Sundarbhai Chaudhari, DVSS Ramavataram*

**Plasma ascorbic acid levels in patients with subtypes of cataract 387-391**

*Jaskiran Kaur, Anju Sharma, Mandeep Kaur, Neha, Amandeep Kaur*

**Significance of hs-CRP in vestibular dysfunction in type II diabetes mellitus 392-394**

*Sumathi K, Prakash M, Parameaswari PJ, Mary Chandrika A*

**Evaluation of the relationship between glycemic parameters and serum uric acid level in type 2 diabetes mellitus patients 395-401**

*Khaja Moinuddin, Sharanabasappa M Awanti*

**Assessment of various calculation methods for measurement of LDL-Cholesterol 402-408**

*Mahantesh Patil, Shubha Jayaram, Meera S*

**Study of serum lactate dehydrogenase and lipid profile in patients with chronic cough 409-412**

*Mahesh Basavaraj Madole, Dilip Bhawe, Mamatha MT, Ankur Patel*

**Reduced urinary calcium creatinine ratio - can it be used as an early predictor of hypertensive pregnancies? 413-416**

*Nagalakshmi CS, Santhosh NU, Krishnamurthy N*

**Lipid profile in hypertensive patients under diuretic therapy 417-420**

*Binny Sarai, NP Singh*

**Association of serum amylase with insufficient insulin action in Type I and Type II Diabetes Mellitus and Metabolic syndrome 421-425**

*Chandana G, Nina M. Veigas, Raghavendra DS*

**Evaluation of performance of Lipid Accumulation Product (LAP), an obesity index as a marker for diagnosing overt type 2 diabetes mellitus over Body Mass Index (BMI) 426-428**

*Nirmitha Dev. M, Krishnamurthy U*

**Qualitative chemical analysis and incidence of renal stone disease in rural population of South Solapur, Maharashtra 429-432**

*Pradnya Shree Dhotre, Abdul Kayyum Shaikh*

**Methylenetetrahydro folatereductase enzyme polymorphism associated with hyperhomocysteinemia in patients with stroke 433-437**

*Pramod Sudam Kamble, MP Bankar, DJ Trivedi, Srirang Kulkarni, Rakesh M*

**Comparison of lipid profile and de-ritis ratio in ultrasound diagnosed non-alcoholic and alcoholic fatty liver disease 438-441**

*Ramesh, Krishnaswamy D, Indumati V, Vijay V, Rajeshwari*

**Serum gamma glutamyl transferase and hs-CRP levels in patients with type 2 diabetes mellitus 442-445**

*Srinidhi Rai, Tirthal Rai, Swetapadma Nayak, Prajna K*

**Study of oxidative stress and endothelial dysfunction in paediatric obesity 446-448**

*Sarala Devi Tenepalli, Karunasree Yerrajwala, Lalitha Devi Seerla*

**D, L Glyceraldehyde- Will it be an effective Antiglycolytic Agent? 449-452**

*Udaya Kumari Ganapathy, Nagendran Ramachandran*

**Serum osteocalcin levels in metabolic syndrome 453-460**

*Ayesha Almas, Vanitha Gowda MN*

**Correlation between brain-type natriuretic peptide (BNP) levels & left ventricular ejection fraction (LVEF) in heart failure 461-465**

*Veena V, M. Ganesh, Santhi Silambanan*

**A study to assess the iron status of regular blood donors 466-468**

*Vijatha Thomas, Arun T. Mithrason, Santhi Silambanan*

**A comparative study on lipid profile and uric acid among smokers and non-smokers 469-471**

*Juwairia Mohammed Fariduddin, Syed Shabbar Masih*

**Association between high sensitive c reactive protein and lipid profile in coronary artery disease with type 2 diabetes mellitus 472-476**

*Vinod V Wali, Smita S. Patil*

**Cross sectional comparative study of serum free iron in type 2 diabetes mellitus patients with and without retinopathy and nephropathy complications 477-481**

*Maitreyee DS, Preethi BP, PM Gangadhara Swamy*

**C-Peptide and insulin levels in patients of metabolic syndrome 482-486**

*Rana Usmani, Bharat Kumar Gupta, Jaskiran Kaur*

### Manuscript Peer-Review Process

Manuscript Peer-Review Process is a web-based portal that can be accessed 24\*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels.

MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of **Innovative Publication Pvt. Ltd.** which is managed and operated by Innovative Publication and currently running with around 50+ Journals.

### Why MPRP?

If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your
